## School Excursions

The Craftercise 'Sensory Adventure for Schools' was developed by the Creators of Craftercise Aleisha Dakin and Amanda Telford (PhD) who are highly experienced physical educators and curriculum developers. The Sensory Adventure is a unique learning experience for students in foundation to year 2. This experience will allow your students to participate in a range of fun activities designed to stimulate learning, their brain, their senses, creativity and foster collaborative skills. Imagine a program where art meets physical education, we call this 'Active Art'. The sensory adventure incorporates a combination of physical activity, art and craft and messy play in a variety of creative, inclusive and fun learning activities. We have tailored the program to the Victorian Curriculum, linking specifically to:

- Critical and Creative-Metacognition (VCCCTM007)
- Personal and Social-Social awareness & management & Collaboration (VCPSCS0006 & VCPSCS0014)
- Health & Physical Education-Movement & Physical Activity-Moving the body (VCHPEM080 & VCHPEM080) & Learning through movement (VCHPEM068 & VCHPEM085)

Bookings can be made for one off excursions or end of year activities.

Our educators are experienced in working with children to develop their knowledge, co-ordination and collaborative skills. All activities are designed to be inclusive, challenging and modified to be developmentally appropriate to each group.

The Sensory Adventure sessions include:

- Craftercise educators
- Exclusive use of a Craftercise studio
- 50 – 60 minute activity session
- Lockers for student's bags
- A take home creation for each student
- Smocks to protect student's clothes
- A class creation
